

CHEZ DOMINIQUE

We are so excited to be open again!

We have introduced new measures to help keep everyone safe, please have a read of the following before booking or entering the restaurant, thank you

- We are offering a slightly different menu to usual, a sample of which can be found in the window here and on our website.
- We ask you wear a mask whilst on the premises; except when seated at your table.
- There are social distancing measures in place, please follow signage. Please also be aware of others around you, keeping a distance of 2 metres where possible or at least 1 metre when the risk has been reduced such as; wearing a mask, increased hand washing and sanitising, sitting side by side or back to back.
- Please use the hand sanitiser that is provided on arrival and before using the bathroom.
- The restaurant will be well ventilated with doors and windows open at all times.
- Contact details are required for all bookings, these are stored on a secure reservation system. Personal data will only be used for contacting you with regards to your booking or by NHS Test and Trace. We can accept a maximum of two households on one booking, members of the same household must sit opposite each other and those from a different household please keep distanced as much as possible.
- We do have to be quite strict on our 1 hour 45 minute allocation per table, to allow us to clean the tables and chairs etc before the next customer is due.
- A COVID-19 risk assessment has been carried out. Cleaning, hand washing and hygiene procedures are in line with guidance. If you are feeling unwell please stay at home.
- Dining out will seem different for everyone for some time but we are keen to provide a positive experience for our valued customers and look forward to welcoming you soon!
